Welcome

Dear Colleague

It is with great pleasure that we can announce the launch of the Urology News Patient Engagement Evenings. Building on an upsurge of interest in how the urology field communicates with the patients it treats, the event will deliver a series of evening lectures by leading clinical experts covering the opportunities, technologies and challenges involved in contemporary medical communication.

Assembling a range of clinicians, policymakers, charities and medical journalists, the event is both a learning opportunity and an opportunity to network, equipping attendees with the knowledge and the connections to get new patient-support initiatives off the ground. We'd like to invite you to be part of the conversation.

Faculty & Topics

23 September

Time: 17:00 – 20:00
